1 challenges before various state and federal courts regarding aspects of lost or dual citizenship concerning
2 Senator Obama. Those challenges, in and of themselves, demonstrate Petitioners' argument that
3 reasonable doubt exists as to the eligibility of the Democratic Party's nominee for President.

4 64. SOS is responsible for ensuring the validity of the State election process by, among other
5 things, verifying the qualifications of the voters, approving the ballots and the candidates, supervising the
6 counting of the ballots, and certifying the results. This certification of the vote by SOS, based upon
7 which Electors received the highest number of votes in the state, is the method provided for in California
8
9 law for ascertaining which Electors are appointed to vote for president (California Elections Code §
10 15505, 3 U.S.C. § 6). On December 1, or as soon as soon as the election results have been received from
11 all counties in the state, SOS shall certify the names of the ascertained Electors to the Governor, and then
12 transmit to each presidential Elector a certificate of election (California Elections Code § 15505). The
13 Governor then issues and seals a Certificate of Ascertainment which is delivered to the Electors by
14 December 15 (3 U.S.C. § 6), who then meet to sign the Certificate of Vote (Federal Election Code §
15 192.006). The office of SOS is intended to be non-biased and to provide the critical sense of fairness and
16 impartiality necessary for the people to have faith in the fundamental underpinnings of the democratic
17 basis for our elections.

18 65. There is a reasonable and common expectation by the voters that to qualify for the ballot,
19 the individuals running for office must meet minimum qualifications as outlined in the federal and state
20 Constitutions and statutes, and that compliance with those minimum qualifications has been confirmed by
21 the officials overseeing the election process. Heretofore, only a signed statement from the candidate
22 attesting to his or her meeting those qualifications was requested and received by SOS, with no
23 verification demanded. This practice represents a much lower standard than that demanded of one when
24 requesting a California driver's license. Since SOS has, as its core, the mission of certifying and
25 establishing the validity of the election process, this writ seeks a Court Order barring SOS from certifying

1 the California Electors until documentary proof that Senator Obama is a “natural born” citizen of the
2 United States of America is received by her. This proof could include items such as his original birth
3 certificate, showing the name of the hospital and the name and the signature of the doctor, all of his
4 passports with immigration stamps, and verification from the governments where the candidate has
5 resided, verifying that he did not, and does not, hold citizenship of these countries, and any other
6 documents that certify an individual’s citizenship and/or qualification for office.

7 66. In the case of individuals seeking the Office of President of the United States, the United
8 States Constitution provides for a system of Electors, wherein citizens of the respective states have a state
9
10 controlled election in which Electors representing the interests of the respective candidates for President
11 on the state ballot are elected to represent the interests of the respective state in the Electoral College.
12 Thus, there is no federal ballot controlled by the federal government. There is a California State ballot
13 where voters elect Electors who in turn represent the named candidate for office on the ballot. That is one
14 more reason why SOS has responsibility for the certification of not just the counts of the ballots cast, but,
15 also, the propriety of the contents of the ballot. In case Senator Obama cannot present proper
16 documentation verifying his citizenship, he cannot be elected President of the United States, and SOS has
17 a duty to bar the casting of votes by California Electors in support of his candidacy.

18 67. To avert a constitutional crisis which would certainly accrue after the election through
19 laborious legal challenges, this writ seeks to resolve such complaints. It was incumbent on the candidates
20 to present the necessary documentation confirming his citizenship, but, to date, Senator Obama has failed
21 to do so.

22 68. At this point, Senator Obama has not allowed independent or official access to his vault
23 (original hospital) birth records and supporting hospital records. Senator Obama’s citizenship status has
24 been, and is being, challenged in 17 different legal actions in various federal and state courts, which
25 challenges cast doubt on the validity of the electoral process, regardless of outcome, if not resolved prior

1 to the certification of the election by the Electors. SOS is specifically charged with certifying and
2 guaranteeing the validity of official documents and overseeing the elections in California, such that the
3 people’s confidence in the fundamental aspect of democracy is maintained. To date, in this regard, SOS
4 has not carried out that fundamental duty.

5 69. This writ requests a court order barring the SOS from both certifying to the Governor the
6 names of the California Electors, and from transmitting to each presidential Elector a Certificate of
7 Election, until such documentary proof is produced and verified showing that is a “natural born” citizen
8 of the United States and does not hold citizenship in Indonesia, Kenya or Great Britain. In addition, this
9 writ requests a court order barring the California Electors from signing the Certificate of Vote until such
10
11 documentary proof is produced and verified showing that Senator Obama is a “natural born” citizen of
12 the United States and does not hold citizenship in Indonesia, Kenya or Great Britain.

13 70. Should Senator Obama be discovered, after he takes office, to be ineligible for the Office
14 of President of the United States of America and, thereby, his election declared void, Petitioners, as well
15 as other Americans, will suffer irreparable harm in that an usurper will be sitting as the President of the
16 United States, and none of the treaties, laws, or executive orders signed by him will be valid or legal.

17 71. 3 United States Code (U.S.C.) Section 8 provides, “The electors shall vote for President
18 and Vice President, respectively, in the manner directed by the Constitution.” This federal statute confers
19 upon each elector an affirmative duty to discover whether the candidate for President for which the
20 elector is seeking election is a “natural born” citizen. Otherwise, the elector would not know if his vote
21 was being cast in the “manner directed by the Constitution.”

22 72. Given this constitutionally mandated duty, PETITIONERS have standing to bring this
23 Writ before this Court.

24 73. A growing number of questions have arisen in litigation in at least 10 states contesting
25 whether Senator John McCain or Senator Barack Obama are “natural born” citizens and, therefore,

1 constitutionally eligible to be entrusted with the Office of President of the United States. In the litigation
2 against Senator Obama, allegations have been made that his admitted dual citizenship in Indonesia, and
3 lack of evidence that he renounced the same, caused a loss of his United States Citizenship as a matter of
4 law. Moreover, evidence released by the Obama campaign purporting to be a “Certification of Live
5 Birth” on its face appears to be of questionable authenticity. One of the many problems with this
6 evidence is that the border design differs from the border designs of other Certifications of Live Birth
7 printed during the same time period. All these questions about both of the candidates are still unresolved.
8 In the course of those lawsuits, some of which have been dismissed, it has been determined that there
9 exists no designated official in the federal government, or the government of the states, directly charged
10 with the responsibility of determining whether any Presidential candidate meets the qualifications of
11
12 Article II of the Constitution of the United States. In most states, that responsibility is vested with the
13 political parties, all of which have a conflict of interest in making any such determination, and none of
14 which have been forthcoming with information or evidence verifying any candidate’s compliance with
15 the eligibility requirements.

16 74. A press release was issued on October 31, 2008, by the Hawaii Department of Health by
17 its Director, Dr. Chiyome Fukino. Dr. Fukino said that she had “personally seen and verified that the
18 Hawaii State Department of Health has Senator Obama’s original birth certificate on record in accordance
19 with state policies and procedures.” That statement failed to resolve any of the questions being raised by
20 litigation and press accounts. Being “on record” could mean either that its contents are in the computer
21 database of the department or there is an actual “vault” original.

22 75. Further, the report does not say whether the birth certificate in the “record” is a
23 Certificate of Live Birth or a Certificate of Hawaiian Birth. In Hawaii, a Certificate of Live Birth
24 resulting from hospital documentation, including a signature of an attending physician, is different from a
25 Certificate of Hawaiian Birth. For births prior to 1972, a Certificate of Hawaiian Birth was the result of

1 the uncorroborated testimony of one witness and was not generated by a hospital. Such a Certificate
2 could be obtained up to one year from the date of the child’s birth. For that reason, its value as prima
3 facie evidence is limited and could be overcome if any of the allegations of substantial evidence of birth
4 outside Hawaii can be obtained. The vault (long Version) birth certificate, per Hawaiian Statute 883.176
5 allows the birth in another State or another country to be registered in Hawaii. Box 7C of the vault
6 Certificate of Live Birth contains a question, whether the birth was in Hawaii or another State or Country.
7 Therefore, the only way to verify the exact location of birth is to review a certified copy or the original
8 vault Certificate of Live Birth and compare the name of the hospital and the name and the signature of the
9 doctor against the birthing records on file at the hospital noted on the Certificate of the Live Birth.

10 76. An unprecedented and looming constitutional crisis awaits if a President elected by the
11 popular vote and the electoral vote does not constitutionally qualify to serve in that capacity. In addition,
12
13 if Senator Obama is not a “natural born” citizen and not eligible for presidency, Senator Obama will be
14 subject to the criminal Provisions of the California Elections Code, stating, “Any person who files or
15 submit for filing a nomination paper or declaration of candidacy knowing that it, or any part of it, has
16 been made falsely is punishable by a fine not exceeding one thousand dollars (\$1,000) or by
17 imprisonment in the state prison for 16 months or two or three years or by both the fine and
18 imprisonment” (California Elections Code § 18203). Further, Senator Obama, SOS, the Governor of the
19 State of California, and all of the California Electors may be subject to the penal provisions of the
20 California Elections Code which states, “Any person who commits fraud and any person who aids or
21 abets fraud or attempts to aid or abet fraud, in connection with any vote cast, to be cast, or attempted to be
22 cast, is guilty of felony, punishable by imprisonment for 16 months or two or three years” (California
23 Elections Code § 18500).

24 77. The Twentieth Amendment to the United States Constitution provides, “if the President
25 elect shall have failed to qualify, then the Vice President elect shall act as President until a President shall

1 have qualified; and the Congress may by law provide for the case wherein neither a President elect nor a
2 Vice President elect shall have qualified, declaring who shall then act as President, or in the manner in
3 which one who is to act shall be elected, and such person shall act accordingly until a President or Vice
4 President shall have qualified.” Thus, if Senator Obama cannot take office due to his citizenship,
5 succession to the Presidency is set.

6 II

7 BACKGROUND OF THE CASE

8 78. The Office of the Secretary of State of California is the California agency responsible for
9 certifying candidates for inclusion on the ballot. Historically, California Secretaries of State have
10 exercised their due diligence by reviewing necessary background documents, verifying that the candidates
11 that were submitted by the respective political parties as eligible for the ballot were indeed eligible. In
12 1968, the Peace and Freedom Party submitted the name of Eldridge Cleaver as a qualified candidate for
13
14 President of the United States. The then SOS, Mr. Frank Jordan, found that, according to Mr. Cleaver’s
15 birth certificate, he was only 34 years old, one year shy of the 35 years of age needed to be on the ballot
16 as a candidate for President. Using his administrative powers, Mr. Jordan removed Mr. Cleaver from the
17 ballot. Mr. Cleaver unsuccessfully challenged this decision to the Supreme Court of the State of
18 California, and, later, to the Supreme Court of the United States. Similarly, in 1984, the Peace and
19 Freedom Party listed Mr. Larry Holmes as an eligible candidate in the Presidential primary. When the
20 then SOS checked his eligibility, it was found that Mr. Holmes was similarly not eligible, and Mr.
21 Holmes was removed from the ballot. Currently, we have a similar situation in that the Democratic Party
22 has submitted the name of Senator Barack Obama as candidate for President.

23 79. However, there are a number of separate reasons that would make Senator Obama
24 ineligible to serve as President of the United States. On August 21, 2008, Mr. Phillip J. Berg, former
25 Deputy Attorney General of the State of Pennsylvania, filed a legal action against Senator Obama and the

1 Democratic National Committee. With his action, and in the subsequent appeal to the Supreme Court of
2 the United States, Mr. Berg provided documents to the effect that Senator Obama was born in what is
3 now Kenya (the British East African Protectorate of Zanzibar at the time) and that his paternal
4 grandmother was present at his birth. Senator Obama claims that he was born in Hawaii. According to
5 statements made by his half-sister, Maya Soetoro Ng, he was born in Kapiolani Hospital in Hawaii.
6 According to his biography posted on Wikipedia, Senator Obama was born in Queens Hospital in Hawaii.
7 However, he has never provided the original hospital birth certificate from 1961, with the name of the
8 hospital and the name and the signature of the doctor in attendance. All that Senator Obama has posted
9 on his website is a Registry of Live Birth (short version), obtained in 2007, that does not provide the
10 name of the hospital or the doctor. Clearly, one human being cannot be born in three different places.

11 Hawaii Revised Statute 338-178 allows registration of birth in Hawaii for a child that was born outside of
12 Hawaii to parents who, for a year preceding the child's birth, claimed Hawaii as their place of residence.

13 The only way to know where Senator Obama was actually born is to view Senator Obama's original
14
15 birth certificate from 1961 that shows the name of the hospital and the name and signature of the doctor
16 that delivered him. From August 21, 2008, for over two months, Senator Obama has refused to provide
17 his original birth certificate, even though, in his book, *Dreams of My Father*, page 26, he states, "... I
18 found the article folded between my birth certificate and old immunization records..." which shows that
19 he clearly has his birth certificate, or that he lied in his book. Particularly telling is the fact that not one
20 single person has come forward, not a doctor, not a nurse, not a hospital administrator, nor anyone else, to
21 state that he or she was present during this birth, except for Obama's paternal grandmother, who affirmed
22 that she "was in the delivery room in Kenya when he was born Aug. 4, 1961." Additionally, when Mr.
23 Berg served subpoenas on the hospitals mentioned above, Senator Obama refused to sign a consent form
24 that would allow the hospitals to release any of his information. Instead, Senator Obama has hired three
25 law firms to defend himself, and has challenged the action by Mr. Berg on a technicality, claiming that an

1 ordinary citizen does not have standing to bring the suit. This matter is currently being reviewed by the
2 U.S. Supreme Court. The parties in this case have standing to bring this litigation, due to the fact that Dr.
3 Keyes and Dr. Drake, Sr., are candidates on the California ballot for President and Vice President of the
4 United States, and Mr. Robinson is an Elector for the Keyes-Drake ticket, and Vice Chairman of
5 America’s Independent Party, of Fenton, Michigan, which nominated Dr. Keyes for President. He is also
6 a Chairman of the American Independent Party (California), which nominated Dr. Keyes and Dr. Drake
7 for President and Vice President, respectively. Based on the foregoing, it is imperative for SOS to be
8 provided proof that Senator Obama is a “natural born” citizen.

9 80. If he was born in Hawaii, there are four (4) other obstacles to Senator Obama’s
10 eligibility. In and about 1967, Senator Obama moved to Indonesia, took the last name of his stepfather,
11 Soetoro, and went by the name Barry Soetoro. In original legal action filed by Mr. Berg, he presented
12 Senator Obama’s school registration, showing him registered as Barry Soetoro, Citizenship-Indonesian,
13 Religion Islam, signed by L. Soetoro. From 1945, Indonesia has not allowed dual citizenship and,
14 therefore, Ms. Dunham-Obama-Soetoro, Senator Obama’s mother, had to relinquish her son’s U.S.
15
16 citizenship in order to obtain Indonesian citizenship for him, which would make him ineligible to become
17 a United States President. Additionally, the United States could not allow dual citizenship with Indonesia
18 at that time, as Indonesia did not allow dual citizenship, and it was prohibited by the Hague Convention
19 of 1930, as interfering with the internal affairs of another sovereign Country.

20 81. In addition, upon return to the United States in and around 1971-1972, Senator Obama
21 would have been required to go to the then current immigration procedures to regain his U.S. citizenship.
22 There is no record of him ever doing that. Even if he had done so, he would be considered a naturalized
23 citizen and not a “natural born” citizen.

24 82. Additionally, assuming Senator Obama was born in what is now Kenya, at the time of
25 Senator Obama’s birth in 1961, (now) Kenya was the British Protectorate of Zanzibar and Senator Obama

1 was automatically accorded a form of British citizenship under Section 32(1) of the British Nationality
2 Act of 1948, effective date January 28, 1949, based on his father's citizenship.

3 83. Finally, in 1981, Senator Obama traveled to Pakistan, when there was a ban for U.S.
4 citizens to travel to Pakistan. The only logical possibility for him to do so was by using one of his other
5 passports: Indonesian, Kenyan, or British.

6 84. Based on all of the above, it is the duty of the SOS to obtain proper documentation of
7 Senator Obama's citizenship to confirm his eligibility for the office of the President of the United States.

8 85. On October 25, 2008, SOS was contacted, via e-mail, by Orly Taitz, Esq., discussing the
9 issues mentioned above. SOS has acknowledged receipt of said e-mail and sent a response. As of that
10 time, SOS was on notice and had a duty to act. Ms. Taitz had a subsequent conversation with the election
11 analyst of SOS Office, Ms. Philly Crosby. Ms. Taitz requested an administrative hearing on the matter in
12 question. Ms. Crosby stated that she would discuss the matter with Ms. Bowen and SOS' General
13 Counsel, Ms. Pam Giarizzo, and that Ms. Giarizzo would telephone Ms. Taitz to discuss the issue. Ms.
14 Taitz followed this conversation with a second e-mail, confirming all the details of the conversation. As
15 yet, SOS has taken no steps to request the necessary documents from Senator Obama. It appears that Ms.
16
17 Bowen is intending to certify Senator Obama, and to certify his Electors, and not protect the people of the
18 State of California by enforcing its laws. As a result of SOS declining to act pursuant to the above
19 described legal obligations, the only remedy is to request relief from the Superior Court of California, and
20 seek injunctive relief available to bar SOS from certifying the California Electoral votes until such
21 documentary proof that Senator Obama's United States citizenship is produced.

22 III

23 EFFECT OR FAILURE TO GRANT INJUNCTIVE RELIEF

24 86. Failing to officially and publically validate the status of the citizenship claims of Senator
25 Obama will cast a pall of doubt on the election process and taint the election results themselves. A proper

1 inquiry into Senator Obama’s eligibility will not constitute a hardship on Senator Obama, and it will not
2 deny his voters the right to vote for him, since this very right is dependent on his eligibility for the office
3 as a “natural born” citizen. If Senator Obama is not a “natural born” citizen, and, therefore, not eligible to
4 serve as President, no hardship on him or any other Respondent can be shown. On the contrary, lack of
5 the relief that is prayed for will constitute an insurmountable hardship on the voters of the State of
6 California.

7 87. Failure to grant the relief sought would allow a potentially corrupted, fraudulent,
8 nomination and election process to continue. If indeed, Senator Obama knew that he is not eligible for
9 the presidency, he would be subject to California Election Code Section 18203, which states, “Any
10 person who files or submits for filing a nomination paper or declaration of candidacy that it or any part of
11 it has been made falsely is punishable by a fine not exceeding one thousand dollars (\$1,000.00) or by
12 imprisonment in the state prison for 16 months or two or three years or by both fine and imprisonment”.
13 Additionally, he would be subject to California Elections Code Section 18500 that states, “Any person
14 who commits fraud and any person who aids or abets fraud or attempts to aid or abet fraud, in connection
15 with any vote cast, to be cast, or attempted to be cast, is guilty of a felony, punishable by imprisonment
16 for 16 months or two or three years”. Clearly it is imperative to vet Senator Obama's eligibility for
17
18 presidency and resolve this issue prior to the certification of the election results by the electors.

19 88. Failure to grant the relief sought, demanding that SOS be ordered to verify the
20 constitutionally required qualifications of Senator Obama not only allows, but promotes, an
21 overwhelming degree of disrespect for our Constitution and for our electoral process, and creates such a
22 lack of confidence of voters in the primary and electoral process itself, that it would confirm a common
23 belief that no politician has to obey the laws of this Country, respect our election process, or follow the
24 United States Constitution.
